

## LIST OF CATERERS

This list is provided only as a convenience for meeting room renters. The Conference Centre does not recommend any specific catering service.

While no restrictions are placed on the renters' choice, all caterers or food vendors must hold a business license.

Delivery to the meeting room should be arranged within the time of the room rental. All caterers' equipment must be picked up or removed from the room immediately following the end time of the rental. Other catering instructions are available separately from the Conference Centre staff.
